

FOR IMMEDIATE RELEASE

FOSE 2010 TO FEATURE ITS ANNUAL DATA CENTER AND VIRTUALIZATION PAVILION & THEATER
Speakers, Exhibitors Focus on Modernization, Consolidation and Green Computing

FALLS CHURCH, Va. – November 9, 2009 – FOSE 2010, the most comprehensive event for government information technology (IT) professionals, today announced it will present its annual Data Center and Virtualization Pavilion & Theater. The Pavilion and Theater area will serve as a hub for government attendees to obtain information on data centers, virtualization, modernization, consolidation and green computing, as well as learn how to utilize data centers to serve their program or agency. FOSE will be held March 23-25, 2010 at the Walter E. Washington Convention Center in Washington, D.C.

The business of government is run by IT, and data centers play a vital role ensuring seamless access to critical information in a secure environment. The Data Center and Virtualization Pavilion is a dedicated area that offers attendees an opportunity to meet with exhibitors and review the latest products and technologies in this space. The Data Center and Virtualization Theater provides educational sessions for attendees to learn how to best utilize these cutting-edge technologies for their agencies.

“The Data Center and Virtualization Pavilion & Theater returns to the show floor in 2010 to showcase the most innovative technologies for attendees,” said Don Berey, Show Director for 1105 Government Information Group. “The Pavilion and Theater are provided for government IT professionals who year after year depend on them to obtain the information they need to make the best decisions for their agencies.”

Current exhibitors at the 2010 Data Center and Virtualization Pavilion and Theater include AFL Telecommunications, the Burton Group, Chatsworth Products, Inc., Corning Cable Systems, Datastream Content Solutions, LLC, Fibre Channel Industry Association (FCIA), Graybar, SCSI Trade Association (STA), Spectra Logic, Tripp Lite and Tyco Electronics.

For information on exhibiting in the Data Center and Virtualization Pavilion & Theater, or for more information about FOSE 2010, please visit www.fose.com.
