

Achieving Results with your CoP

Successful CoPs

1. Have a clear Purpose Statement
2. Have Senior Leader buy-in/support
(Senior Leader involvement is even better!)
3. Demonstrate value (people come back)
4. Have useful metrics (can measure key factors)
5. Use available resources; consider time, technology and people involved in making the CoP a success

*Remember.... Technology is only the foundation.
Relationships are key to achieving results!*
